React Photobook PWA Deployment Guide

Step 1: Unzip the project and open it in your code editor.

Step 2: Create a GitHub repository at https://github.com/new.

Step 3: Use the terminal commands below to push to GitHub:

```
git init
git branch -M main
git add .
git commit -m 'Initial commit'
git remote add origin https://github.com/YOUR_USERNAME/REPO.git
git push -u origin main
```

Step 4: Go to https://vercel.com, import your GitHub repo, and Deploy.

Step 5: Replace images in /public/photos and update captions in src/photos.json.

Step 6: Commit and push changes; Vercel auto-redeploys.
